CDCP Dental Services in Calgary: Affordable & Reliable Dental Care

Dental care is important at every age, but people often put it off due to the cost and insurance costs of dental treatment. If you live in Calgary and don't have private dental insurance, **CDCP Dental Services in Calgary** may be a great option for you.

The Canadian Dental Care Plan (CDCP) aims to make basic and preventative dental care accessible to eligible individuals. Its focus is not just on dental treatment, but also on maintaining long-term oral health.

What are CDCP Dental Services?

CDCP dental services are a group of dental treatments covered under a government-supported plan. These services aim to identify and treat dental problems early.

Common CDCP dental services may include:

- Routine dental check-ups
- Professional teeth cleaning
- X-rays
- Basic fillings
- Preventive care

The purpose of these services is to keep teeth healthy and prevent expensive treatments in the future.
